Point of View Activities

I merged the handouts together for one easy download. This is why you will find two different orientations in the handout. Following the link on the PowerPoint presentation page, you will find the printable anchor chart.

The questions on the chart ask students to evaluate why the author selected a specific point of view. These questions help students practice the CCSS 5th grade standard. Also, note that the printable may be used with any novel or short story.

This anchor chart can be printed on a standard 8 1/2 by 11 inch piece of paper or as a 20 by 30 inch poster. Printing the small size for student notebooks and the large size for a classroom display is a great option.

Using Adobe Reader to Print

With Adobe Reader 10 or newer, you can print posters by splitting the document across multiple sheets of paper called tiles. After printing, you piece the tiles together. If you have an older version of Adobe Reader, you can update to a newer version with a free download here: <http://get.adobe.com/reader/>

Printing Instructions

Choose File > Print.

A pop-up menu will open. Select the "Poster" option under "Page Sizing & Handling." The poster is set to print 20 by 30 inches, which will tile over 8 pieces of paper. This size fits perfectly on the standard 22 by 32 inch flip chart.

If you select "Size" instead of "Poster," your poster will fit on a standard 8 1/2 by 11 inch piece of paper.

1st Person Point of View Definition

Subjective	Objective	Possessive

First person point of view is used in:

- _____
- _____
- _____
- _____
- _____
- _____

Advantages of
1st Person Point of View

Disadvantages of
1st Person Point of View

1st Person Point of View Definition

In the first person point of view, the narrator is one of the characters in the story. This character reveals personal thoughts and feelings of what s/he sees.

First person point of view uses the following pronouns to describe events:

Subjective	Objective	Possessive
I, we	me, us	my, mine, our, ours

First person point of view is used in:

Fiction

- stories
- novels

Nonfiction

- diaries
- autobiographies
- personal narratives
- interviews
- letters

Advantages of 1st Person Point of View

First person point of view is similar to real life. In real life, we do not know what others are thinking.

The reader knows the thoughts of one character. This creates an intimacy.

Thoughts are expressed directly to the reader.

The reader gets an inside view of the character's understanding of situations, thoughts, emotions, as well as motivation.

Disadvantages of 1st Person Point of View

The reader is forced to hear the story through a person who may have biases. The character may have attitudes or opinions that the reader disagrees with.

When only one character is telling what is taking place, the reader understands the situation only as well as the character understands it. If the character doesn't know the full story, neither does the reader.

The reader doesn't know what is taking place in other locations.

"I" and "me" can become repetitious.

The reader may get tired of the same voice.

2nd Person Point of View Definition

Subjective	Objective	Possessive

Second person point of view is used in:

- _____
- _____
- _____
- _____
- _____
- _____
- _____
- _____

Advantages of
2nd Person Point of View

Disadvantages of
2nd Person Point of View

2nd Person Point of View Definition

With the second-person point of view, the reader is addressed directly. When this occurs in a novel, the story is told as if the main character is someone similar to you.

Use the following pronouns with second person point of view:

Subjective	Objective	Possessive
you	you	your, yours

Second person point of view is used in:

Fiction

- choose-your-own-adventure books
- musical lyrics

Nonfiction

- guide books
- self-help books
- do-it-yourself manuals
- role-playing games
- gamebooks

Advantages of 2nd Person Point of View

The reader feels more intimately connected to the story.

The reader feels like s/he is participating in the story.

Disadvantages of 2nd Person Point of View

At times addressing the reader as you is not applicable.

When a full novel is written in second person, the reader can feel disconnected from the story.

3rd Person Point of View Definition

Subjective	Objective	Possessive

Third person point of view is used in:

- _____
- _____
- _____
- _____
- _____
- _____
- _____
- _____

Advantages of
3rd Person Point of View

Disadvantages of
3rd Person Point of View

3rd Person Point of View Definition

In the third person point of view, the narrator is using a distant voice. The narrator is able to look at events taking place, but is not part of the story. The narrator describes the scene, characters, and actions as an observer looking in on the events. When writing in the third-person point of view, you will use pronouns such as:

Subjective	Objective	Possessive
he, she, it, they	him, her, it, them	his, her, hers, its, their, theirs

Third person point of view is used in:

Fiction

- stories
- novels

Nonfiction

- reports
- research papers
- articles
- news reporting

Advantages of 3rd Person Point of View

Especially when the third person omniscient point of view is used, the story/events are more objective, reliable, and trustworthy because the reader observes the thoughts and feelings of all the characters.

Disadvantages of 3rd Person Point of View

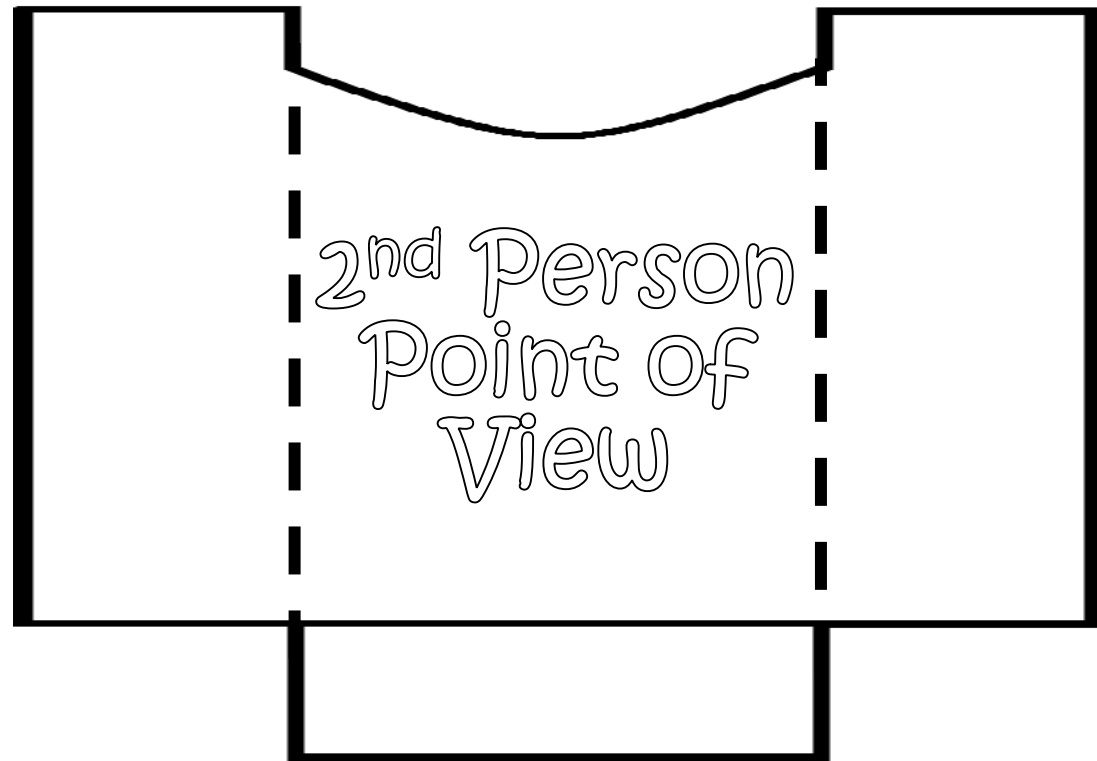

In the third person limited, the reader is witnessing the story from the sidelines instead of participating. There is less intimacy between the reader and main character.

In third person omniscient, changing characters can be distracting to the reader.

Cut out the pocket on the bold lines. Next fold the left and right sides toward the back of the pocket on the dotted lines. Then fold the bottom flap up toward the back. Glue the flaps in place. Finally glue the pocket onto a page in your interactive notebook.

Instructions for Use

Select a card. Read the advertising slogan, and decide which point of view the slogan is written. Place the card in the correct pocket to indicate your answer.

Point of View PowerPoint

1st, 2nd, or 3rd Point of View

Third-Person Point of View

In the **third-person omniscient**, the reader knows exactly what is going on inside various characters' heads in regards to their thoughts and feelings.

Joe is sad.

Tim is sneaky.

Pete is in love.

Rob is surprised.

POINT OF VIEW

1ST PERSON (ONE CHARACTER TELLS THE STORY. THIS CHARACTER REVEALS ONLY PERSONAL THOUGHTS AND FEELINGS OF WHAT S/HE SEES. THE WRITER USES PRONOUNS SUCH AS "I", "ME", "MINE", OR "MY".)

2ND PERSON (THE NARRATOR TELLS THE STORY USING THE PRONOUN "YOU". THE CHARACTER IS SOMEONE SIMILAR TO YOU.)

3RD PERSON (THE STORY IS TOLD USING PRONOUNS SUCH AS "HE", "SHE", "THEY", OR "IT".)

LIMITED ~ THE NARRATOR TELLS THE STORY THROUGH JUST ONE CHARACTER. THE READER WILL LEARN THE THOUGHTS, FEELINGS, AND REASONS FOR ACTIONS OF THIS CHARACTER.

OBJECTIVE ~ THE NARRATOR TELLS THE STORY WITHOUT RELAYING ANY CHARACTER'S THOUGHTS, OPINIONS, OR FEELINGS.

OMNISCIENT ~ THE NARRATOR KNOWS THE THOUGHTS AND FEELINGS OF ALL THE CHARACTERS IN THE STORY.

WHO IS TELLING THE STORY?

FROM WHICH POINT OF VIEW IS THE STORY TOLD? WHAT IS THE NARRATOR'S PERSPECTIVE?.

HOW DOES THE NARRATOR'S POINT OF VIEW CHANGE HOW THE EVENTS ARE BEING DESCRIBED?.

HOW DOES THE NARRATOR'S POINT OF VIEW INFLUENCE HOW THE EVENTS ARE DESCRIBED?

HOW WOULD THE STORY CHANGE IF A DIFFERENT CHARACTER WAS THE NARRATOR?

WHY DO YOU THINK THE NARRATOR DESCRIBED THE EVENTS THE WAY S/HE DID?

In this story elements series, all activities are provided in both digital and printable formats. The digital resources were created using Google Slides. You may convert the Google Slides to PowerPoint lessons for students to complete when they are not online.
