

Each ornament holds enough mix to make one cup of hot chocolate.

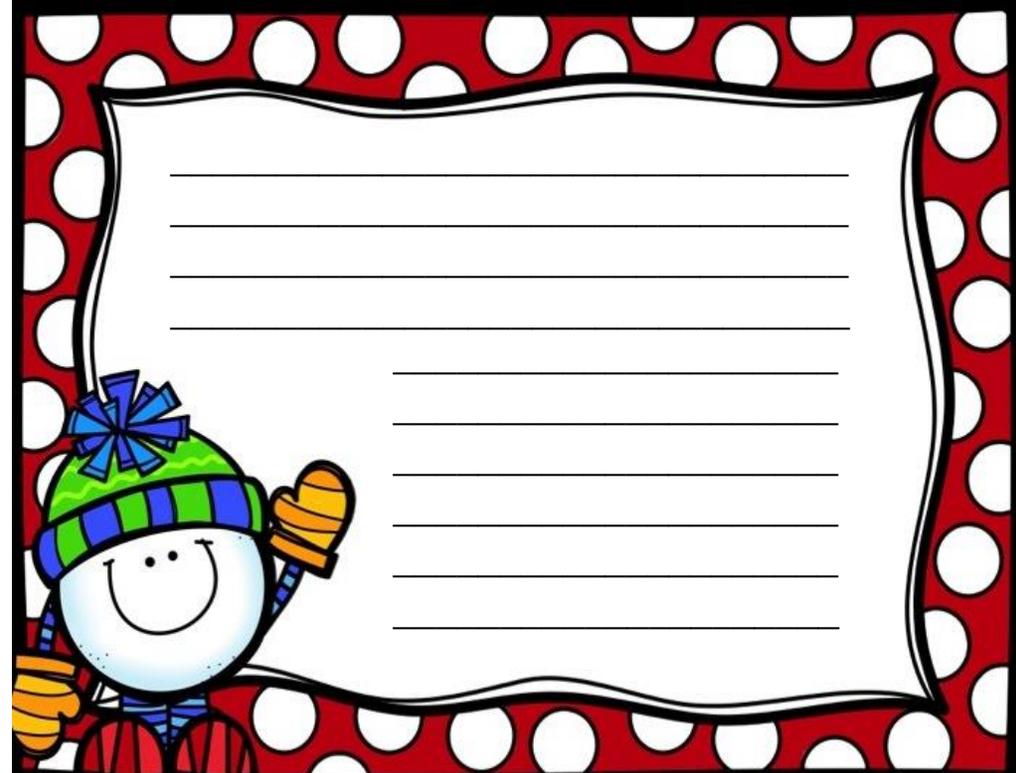

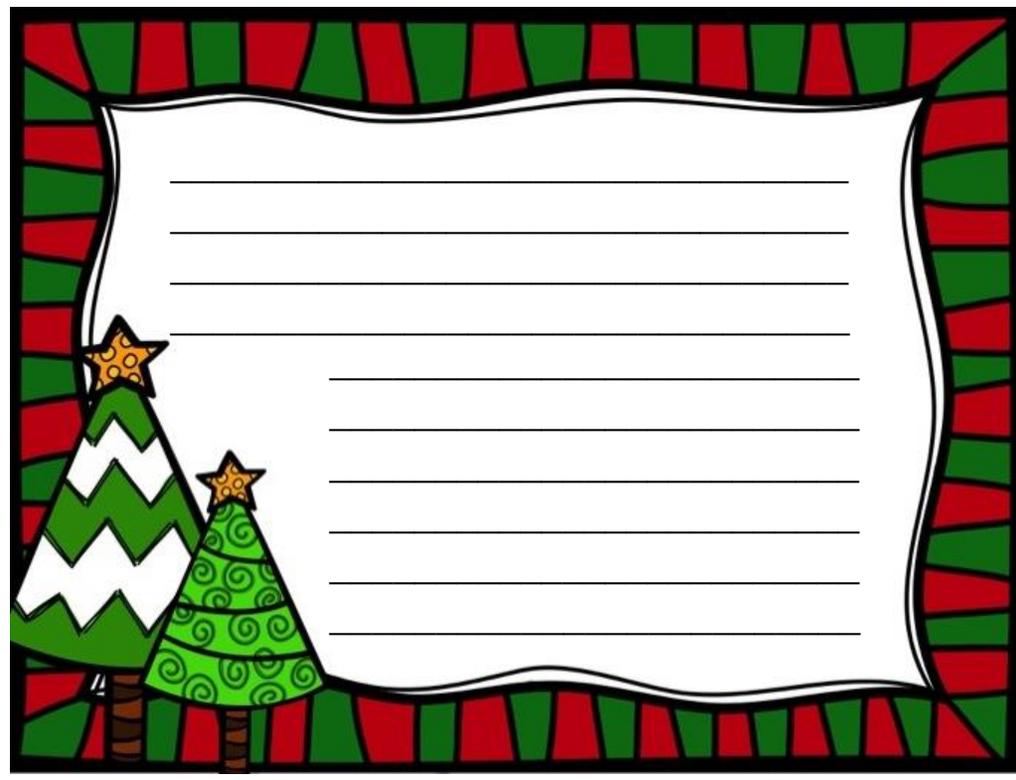

For each ornament, you will need:

- 1/4 cup Hot Cocoa Mix with Marshmallows
- 1 Tablespoon Chocolate Chips
- 1 teaspoon Sprinkles
- Ribbon (optional)

Remove the ornament tops. You will need a funnel to pour the ingredients into the ornament. Pour in the cocoa mix first, then the chips and sprinkles. By using a shish kabob stick, you can poke the marshmallows that get stuck in the funnel into the ornament.

Decorate the ornament by tying ribbons from the hanger.

Pour the cocoa mix from one ornament into a mug. Fill the mug with one cup of hot water.

Stir the mixture until the chocolate chips melt.

These Christmas cookies are always a favorite with my family. Simply cover pretzels with melted chocolate. Once the chocolate hardens, decorate the pretzels with green icing and Red Hots.
